GENERAL RULES AND DIRECTIONS FOR THE GUIDANCE OF CONTRACTOR

1. All work proposed for execution by Contract will be notified in a shape of 'Notice' pasted on a board hung up in the office duly signed by the Executive Engineer Haryana Urban Development Authority referred to as Engineer-in-Charge. The detailed form of "NOTICE INVITING TENDER" can be seen in the office of Executive Engineer on any working day during working hours. This will state the work to be carried out as well as the date for submitting, opening of tenders and the time allowed for carrying out the work and the amount of security to be deposited by the successful tenderer, copies of the specification, design and drawing Contract Schedule of rates and also a 'Schedule of Ceiling Premium by which the rates for various items of the Contract Schedule of rates, shall be increased or decreased, so as to be called the "Ceiling Rates". Further any other documents required in connection with the works for purpose of identification by the Executive Engineer shall also be opened for inspection by the contractor in the office of the Executive Engineer during office hours.
2. In event of the tender being submitted by a firm, it must be signed separately by each member thereof, or, in the event of the absence of any partner, it must be signed on his behalf, by a person holding power of attorney authorizing him to do so.
3. Any person who submits a tender shall fill up the usual printed form stating the percentage rate above or below the "Ceiling Rates" as defined in Rule 1 at which he is willing to undertake the work. Only a single rate of percentage above/below on all items of the contract Schedule shall be mentioned in the space provided in the Tender Form. For the purpose of this single rate please see Explanatory Memo below which explains the manner in which the admissible payment shall be worked out after taking into consideration the sanctioned Ceiling Premium as enumerated in the 'Schedule of Ceiling Premium' mentioned in Rule I and the rate quoted by the contractor. Any rate entered outside this space may make the tender invalid. If a contractor quote more than one rate in case, only lower or lowest of the rates quoted shall be applicable and a counter offer shall be made to him accordingly at the lowest of the rates so quoted by him and in the event of his not accepting the same, his earnest money shall stand forfeited and the contractor shall have no claim to the same whatsoever.
No single tender shall include more than one work, but contractor who wishes to tender for two or more works, shall submit separate tenders for each work. Tenders shall have the name-and number of the work to which they refer written outside the envelop, in which these are sealed.

**EXPLANATORY MEMO
REFER TO RULE 3 OF GENERAL RULES AND DIRECTIONS
FOR THE GUIDANCE OF CONTRACTORS**

For the purpose, the basis rate for particular item specified in the Contract Schedule of Rate shall be increased by the sanctioned ceiling premium as per the "Schedule of ceiling premium" which is attached and is a part of the form. The total amount shall then be subjected to the Discount or premium quoted by the contractor.

For example the basic rate of an item is Rs. 120/- per cum and sanctioned premium is 50% and 300 cum of the item 'A' is executed and for example, the rate quoted by Contractor is 3% below the ceiling rate.

QUANTITY	ITEM	UNIT	RATE	AMOUNT
300 cum	'A'	cum	Rs. 120/-	Rs. 36000/-
			Add ceiling premium @ 50%	Rs. 18000/-
			Gross Total :-	Rs. 54000/-
			Less contractor rate 3% below ceiling rate	Rs. 1620/-
			Net payable	Rs. 52380/-
			If the rates quoted by the contractor was 5% above the amount net payable would be as under: -	
			Gross Total	Rs. 54000/-
			Add Contractor's Rate 5% above ceiling rate	Rs. 2700/-
			Net Payable	Rs 56700/-

Note: The above net payments worked out are further subject to the deductions like; Income Tax, Surcharge, Works tax etc. as per Govt. Instructions. The recoveries of all material issued from the HUDA store shall be made from the bills.

4. The tender Receiving Committee or its authorized assistant will open tenders in the presence of intending contractors or their authorized agents who may like to be present at that time, and will enter the rate of all tenders. In the event of a tender being accepted, a receipt for the earnest money forwarded there with shall be given to the contractor. In the event of tender being rejected, the earnest money forwarded with such unaccepted tender shall be returned to the contractor.
5. The Executive Engineer reserves the right to reject all or any of the tender without assigning any reason.
6. The Haryana Urban Development Authority may refuse or suspend payments on account of a work which is executed by firm or by contractor described in their tender as a firm, unless receipt are signed by all the partners, or one of the partners, or some other person produces written Authority enabling him to give effectual receipt on behalf of the firm.
7. The receipt of an Divisional Accountant or Dy. Dupdt. for any money paid by the contractor will be considered as a acknowledgement of payment to Executive Engineer and the contractor shall be responsible for ensuring that he procures a receipt, duly signed by an authorized person.
8. The memorandum of work tendered for an the memorandum of materials to be supplied by the Haryana Urban Development Authority and their issue rates, shall be filled in the and completed in the office of the Executive Engineer before the tender is issued to an intending tenderer, without having been so filled in and completed he shall request the office to have this done before he completes & delivers the tender.

CONDITIONS OF CONTRACT

- Clause-1 Security deposit. This will be the same percentage as that in the tender at (d) of Pre-page :** The person/persons whose tender may be accepted (hereinafter called contractor) shall deposit an amount equal to five percent of the estimated cost of the work with the Executive Engineer (Earnest money shall be accounted as per memorandum) within 10 days of the acceptance of the tender by way of security deposit in case of default, the earnest money already lying with Executive Engineer shall stand absolutely forfeited to the Haryana Urban Development Authority or its successor in office and the contract shall stand terminated or in the alternative, at the discretion of the Engineer-in-charge, the contractor may be required to permit Haryana Urban Development Authority at the time of making any payment to him for work done under the contract to deduct such sum as well (with the earnest money deposited by him) amount to 5% of all moneys so payable, such deductions to be held by Haryana Urban Development Authority by way of security deposit. All compensation or other sums of money payable by the contractor to Haryana Urban Development Authority under the terms of this contract may be deducted from his security deposit or from any sums which may be due or may become due to the contractor by Haryana Urban Development Authority on any account whatsoever and in the event of his security deposit being deducted by reason of any deduction, the contractor shall within 10 days thereafter make good in cash as aforesaid any sum which may have been deducted from his security deposit or any part thereof.
- Clause-2 Compensation of Delay :** The time allowed for carrying out the work as entered in the tender shall be strictly observed by the contractor and shall be reckoned from the date on which the order to commence work is given to the contractor. The work shall throughout the stipulated period of the contract be proceeded with all due diligence (time being deemed to be the essence of the contract on the part of the contractor) and the contractor shall pay as compensation an amount equal to one percent which the Executive Engineer-in-Charge may levy on the estimated cost of the whole work as shown by the tender for every day that the work remains un-commenced or unfinished, after the proper dates. And further to ensure good progress during the execution of the work the contractor shall be bound in all such cases in which the time allowed for any work exceeds one month to, complete one fourth of the whole of the work before one fourth of the whole of time allowed under the contract has elapsed, one half of the work before one half of such time has elapsed and three-fourth of the work before three fourth such time has elapsed. In the event of the contractor failing to comply with this condition, he shall be liable to pay as compensation, an amount equal to one percent which the Executive-Engineer-in-Charge may levy on the said estimated cost of the whole work for every day that the due quantity of work remains incomplete. provided always that the entire amount of compensation to be paid" under the provisions of this clause shall not exceed ten percent of the estimated cost of work as shown in the tender. The Superintending Engineer, HUDA Circle, Hisar may on representation from the contractor, reduce the amount of compensation and his decision, in writing shall be final.
- Clause-3 Action when whole of security deposit is forfeited :** In any case in which under any clause in the contract, the contractor shall have rendered himself liable to pay any compensation to the Executive Engineer on behalf of the Haryana Urban Development Authority shall have power to adopt any of the following courses, as he may deem best suited in the interest of Haryana Urban Development Authority : -
- (a) To rescind the contract of which rescission notice in written to the contractor under the hand of the Executive Engineer shall be conclusive evidence and in such case the security deposit of the contractor shall stand forfeited and belong absolutely to the Haryana Urban Development Authority.
 - (b) To employ labour paid by the Haryana Urban Development Authority to supply material to carry out the work or any part of the work debiting the contractor with the cost of the labour and the price of the materials (for the amount a certificate of the Executive Engineer shall be final and conclusive, against the contractor) and crediting him with the value of the work done in all respects in the same manner and at the same rate as if it had been carried out by the contractor under the terms of his contract. The certificate of Executive Engineer as to the value of the work done shall be final and conclusive against contractor.

(c) To measure up the work of the contractor, and to take such part there of as shall be unexecuted out of his hands and to give it to another contractor to complete, in which case any expenses which may be incurred in excess of the sum which would have been paid to the original contractor of the whole work has been executed by him (for the amount the certificate in writing of the Executive Engineer shall be final and conclusive) shall be borne and paid by the original contractor and may be deducted from any money due to him by Haryana Urban Development Authority under the contract or otherwise or from his security deposit.

In the event of any of the above course adopted by the Executive Engineer, the contractor shall have no claim for the compensation for any loss sustained by him by reason of his having purchased or procured any materials or entered into any engagement or made any advance on account or with a view to the execution of the work or the performance of the contract and in case the contract shall be rescinded under the provision aforesaid the contractor shall not be entitled to recover or be paid any sum for any work thereof, actually performed under this contract unless and until the Executive Engineer have certified, in writing, the performance of such work and the value payable in respect, thereof, and he shall only be entitled to be paid the value so certified.

Clause-4 Contractor remains liable to pay compensation if action not taken under clause 3 : In any case in which any of the powers conferred upon the Executive Engineer by clause 3 hereof shall have become exercisable and the same shall not exercised the non-exercise there of shall not constitute a waiver of any of the condition thereof and such powers shall not withstanding be exercisable in the event of any future case of default by the contractor for which by any clauses thereof he is declared liable to pay compensation amounting to the whole of his security deposit and the liability of contractor, for past and future compensation shall remain unaffected.

Power to take possession or require removal or sell contractor's plant : In the event of the Executive Engineer putting in force either of the power (a) or (c) vested in him under the proceeding clause he may, if he so desire to take possession of all or any tools, plant, materials and stores in or upon the works, or at the site thereof belonging to the Contractor or procured by him and intended to be used for execution of the work or any part thereof paying or allowing for the same on account at the contract rates, in case of these not being applicable at current market rates to be certified by the Executive Engineer where certificate thereof shall be final, otherwise the Executive Engineer may be notice, in writing, to the contractor or his clerk of the work, foreman or other authorized agent require him to remove such tools, plants, materials or stores from the premises within a time to be specified in such notice and in the event of the contractor failing to comply with any such requisition, the Executive Engineer may remove them at the contractor's expense or sell them by auction or private sale, on account of the contractor and at his risk in all respect and the certificate of the Executive Engineer to the expenses for such removal and the amount of the proceeds and expenses, if any, shall be final and conclusive against the contractor.

Clause -5 Extension of time : If the contractor desire an extension of the time for completion of the work on the ground of his having been unavoidably hindered in its execution or on any other ground, he shall apply, in writing, to the Executive Engineer within 30 days of the date of the hindrance but before the expiry of the contractual period on account of which he desires such extension as aforesaid and the competent authority shall, if in his opinion (which shall be final reasonable ground) be shown therefore authorize such extension of time if any so may in his opinion be necessary or proper.

Clause-5(a) Contractor to submit a return every month on any work claimed as extra : The contractor shall deliver in the office of the Executive Engineer on or before 10th day of every month during the continuance of the work covered by this contract a return showing details of any work claimed for as extra and such return shall contain the value of such work as claimed by the contractor, which value shall be based upon the prices in the contract or in Schedule of rates force in the District for the time being. The contractor shall include in such monthly return particulars of all claims of whatsoever kind. However arising which at the date thereof, he has or may claim to have against the Executive Engineer under or in respect of or in any manner, arising out of the execution of work and the contractor shall be deemed to have waived all

claims not included in such return and will have no right to enforce any such claim not so included whatsoever be the circumstances.

Clause-6 Without prejudice to the right of Haryana Urban Development Authority, under any clause hereinafter contained on completion of the work, the contractor shall be furnished with the certificate by the Executive Engineer (hereinafter called the Engineer-in-charge) of such completion, but no such certificate shall be given nor work shall be considered to be completed until the contractor shall have removed from the premises on which the work shall be executed all scaffolding, surplus materials and rubbish and clean off dirt from all wood works, floor, other parts of any building in, upon or around which the work is to be executed, or part of which he had in possession for the purpose of the execution thereof and the measurements in the said certificate shall be binding and conclusive against the contractor. If the contractor shall fail to comply with the requirements of this clause as to removal of scaffolding surplus materials and rubbish and cleaning of dirt on or before the date fixed for the completion of the work, the Engineer-in-charge at the expense of the contractor shall remove such scaffolding, surplus materials and rubbish and dispose of the same as he may think fit and clean off such dirt as aforesaid and the contractor shall pay the amount of all expenses so incurred and shall have no claim in respect of any such scaffolding or such surplus materials as aforesaid except for any sum actually realized on account of sales, thereof.

Clause-7 **Payments on intermediate certificates to be regarded as advances** : No payment shall be made for works estimated to cost less than Rs. One thousand, till the whole of the works shall have been completed and the certificate of completion given. But in the case of work estimated to cost more than Rs. One thousand the contractor not submitting the bill thereof, be entitled to receive a monthly payment proportionate to the part thereof as approved and passed by Engineer-in-charge, whose certificate of such approval and passing of the sum so payable shall be final and conclusive against the contractor. But all such intermediate payment shall be regarded as payments by way of advances against the final payment only and not as payments for the works actually done and completed and shall not preclude the requiring of bad, unsound and imperfect or unskilled work to be removed and taken away and reconstructed, or re-erected or be considered as an admission of due performance of the contract or any part thereof in any respect or the accruing of any claim. Nor shall it conclude, determine or effect in any way the powers of the Engineer-in-charge under these terms and conditions or any of them as far the final settlement and adjustments of the accounts or otherwise or in any other way vary or effect the contract. The final bill shall be submitted by the contractor within one month of the date fixed for completion of the work, otherwise the Engineer-in-charge's certificate of the measurements and the total amount payable for work, accordingly, shall be final and binding on all parties. The amount, payable, however, shall be determined after pre-audit of the bill by the accounts however, shall be determined after pre-audit of the bill by the accounts Departments authorities within fifteen days of the presentation of the bill by the Engineer-in-charge to Accounts Department, otherwise the amount already determined by the Engineer-in-charge shall become binding on both parties. Both the Engineer-in-charge and the Accounts Department shall inform the contractors by registered post about the facts of the movement of the final bill and the amount thereof.

Clause-7(a) The deduction referred to in Clause-I herein before or such part thereof as may be due to contractor under this contract shall be payable to contractor after a period of five year has lapsed after the payment of final bill.

Clause-8 **Bills to be submitted monthly** : A bill shall be submitted by the contractor each month on or before the date fixed by the Engineer-in-charge for all work executed in the previous month and the Engineer-in-charge shall take the requisite measurement for the purpose of having the same verified and the claim, as far as admissible, adjusted if possible, before the expiry of ten days from the presentation of the bill. If the contractor to do not submit the bill within the time fixed as aforesaid, the Engineer-in-charge may depute a subordinate to measure up the said work in the presence of the contractor whose counter signature to the measurement list will be sufficient and the Engineer-in-charge may prepare, a bill from such list which shall be binding on the contractor in all respect.

Clause-9 Bills to be on printed forms : The contractors shall submit all bills, in triplicate, on printed forms to be had on application from the office of the Engineer-in-charge and the charge in the bill shall always be entered at the rates specified in the tender or in the case of any extra works ordered in pursuance of these conditions and not mentioned or provided for in the tender at the rate hereinafter provided for such work.

Clause-10 If the specification of estimate of the work provides for the use of any special description of materials to be supplied from Engineer-in-charge's store or if it is required that contractor shall use certain store to be provided by the Engineer-in-charge (such materials and stores and the prices to be charged thereof as herein-after mentioned being so far as practicable for the convenience of the contractor, but not so in any way to control the meaning for effect of this contract specified in the schedule or memorandum hereto annexed) the contractor shall be supplied with such materials and stores required from time to time to be used by him for the purpose of the contract only and the value of the full quantity of the materials and stores so supplied at the rates specified in the said schedule of memorandum may be set off or deducted from any sums due or thereafter to become due, to the contractor under the contract or otherwise against or from the security deposit. Materials supplied to the contractor shall remain the property of the HUDA and shall be kept in safe custody of contractor but shall not on any account be removed from the site of the work without the written permission of the Engineer-in-charge & shall all times be opened for inspection by him. Any such materials unused and in perfectly good condition at the time of the completion of the contract shall be returned to the Engineer-in-charge's store if by a notice, in writing, under his hand he shall so require, but the contractor shall not be entitled to return any such materials without such consent and shall have no claims for compensation on account of any such materials to be supplied to him as aforesaid being unused by him, or any wastage in or damage to any such materials.

Clause-11 Works to be executed in accordance with specifications drawing orders etc : The contractor shall execute the whole and every part of the work in most substantial and workmen like manner, both as regards to materials and otherwise in every respect in strict accordance with Haryana P.W.D. specification latest edition / specifications as may be specifically provided for. The contractor shall also confirm exactly, fully and faithfully to the designs, drawing and instructions in writing relating to the work (signed by the Engineer-in-charge) and lodged in the office and to which the contractor shall be entitled to have access at his office or at the site of the work. For the purpose of inspection during office hours, the contractors shall if he so requires, be entitled at his own expenses to make or cause to be made copies of the specifications and of all such designs and instruction as aforesaid.

Clause-11A Removal of employee workman and foreman : The Engineer-in-charge shall have full powers at all time to object to the employment of any workman, Foreman or other employees on the work by the contractor and if the contractor shall receive notice in writing from the Engineer-in-charge requesting the removal of such workman from the work, the contractor shall comply with the request forth with.

No such workman, foreman or other employees after his removal from the works by orders of the Engineer-in-charge shall be re-employed or engaged on the works by the contractor at any time, except with the prior approval, in writing, from the Engineer-in-charge.

The contractor shall not be entitled to depend the reason from the Engineer-in-charge, requiring the removal of any such workman or other employees.

Clause-12 Alterations in specifications and designs : The Engineer-in-charge shall have power to make any alteration or omission or additions from the original specifications, drawing designs, and instructions that may appear to him to be necessary or advisable during the progress of the work and the contractor shall be bound to carry out the work in accordance with the instructions given to him, in writing, duly signed by the Engineer-in-charge and such alterations omissions, additions or substitutions shall not invalidate the contract & any altered, additional or substituted work which the contractor may be directed to do in the manner above specified as part of the work shall be carried out by the contractor on the same rates, terms & conditions on which he agreed to do the main work. The time for the completion of the works shall be extended in the proportion that the altered, additional or substituted works bears to

the original contract work and certificate of the Engineer-in-charge shall be conclusive as to such proportion. If the altered, additional or substituted work includes any class of work for which no rate is specified in this contract, then such class of work shall be carried out at the rate entered in the Haryana Schedule of rates, subject to the same percentage above or below for items and if such class or work is not entered in the Haryana PWD Schedule of rates, then the contractor shall within seven days of the date of his receipt of the order to carry out the work, inform the Engineer-in-charge of the rate, which it is his intention to charge for such class of work. If Engineer-in-charge does not agree to his rate, he shall by notice, in writing, be at liberty to cancel his order to carry out such class of work and arrange to carry it out in such manner as he may consider advisable, provided always that the contractor shall commence the work or incur any expenditure in regard thereto before the rates shall have been determined herein before mentioned and in such case he shall be entitled to be paid in respect of the work carried out or expenditure incurred by him prior to the date of the determination of the rates as aforesaid according to such rate or rates as shall be fixed by the Engineer-in-charge in the event of a dispute, the decision of the respective Superintending Engineer, HUDA shall be final.

Clause 13 **No compensation for alternation in or restriction of work to be carried out:** If at any time, after the commencement of the work, the Haryana Urban Development Authority shall for any reason whatsoever not require the whole work thereof as specified in the tender to be carried out, the Engineer-in-charge shall given notice, in writing, of the fact to the contractors who shall have no claim to any payment or compensation, whatsoever on account of any profit or advantage which he might have derived from execution of the work in full which he did not drive in consequence of the full amount of the work not having been carried out, neither shall have any claim for compensation by reason of any alteration having been made in the original specification, drawing, designs and instructions which shall involve any curtailment of the work originally contemplated.

Clause-14 **Action and compensation payable in case of bad work :** If it shall appear to the Engineer-in-charge or his subordinate-in-charge of the work, that any work has been executed with unsound, imperfect or unskillful workmanship or with material of any inferior description r that any material or article provided by him for the execution of the work are unsound or of a quality inferior to the contract or otherwise not in accordance with the contract, the contractor shall on demand, in writing, from the Engineer-in-charge specifying the work, materials or articles complained or not withstanding that the same may have been inadvertently passed, certified and paid for the forthwith rectify or removed and reconstruct the work so specified in whole or in part as the case may require or as the case may be, remove the materials or articles so specified and provide other proper and suitable materials or article at his own charge and cost. In the event of its failing to do so within a period to so within a period to be specified by the Engineer-in-charge in his demand aforesaid then the contractor shall be liable to pay compensation at the rate of one percent on the amount of estimate of everyday not exceeding ten days, while his failure to do so shall continue and in case of any such failure the Engineer-in-charge may rectify or remove and re-execute the work or remove and replace with other materials or articles complained or, as the case may be, at the risk and expense of the contractor.

Clause-15 **Work to be open to inspections, contractor or his responsible agent to be present :** All works under or in course of execution or executed in pursuance of the contract shall at all times be open to the inspection and supervision of the Engineer-in-charge and his subordinates and the contractor shall at all times, during the usual working hours and at all other time with reasonable notice of the inspection of the Engineer-in-charge or his subordinates to visit the work shall have been given to the contractor either himself be present to receive orders and instruction, or have a responsible agent duly authorized, in writing, present for that purpose. Orders given to the contractor's agent shall considered to have the same force as they had been given to the contractor himself.

Clause-16 **Notice to be given before work is covered up :** The contractor shall give not less then five days notice in writing to the Engineer-in-charge or his subordinate-in-charge of the work before covering up or otherwise placing beyond the reach of measurement any work in order that same may be measured and correct dimensions thereof be taken before the same is so

covered up or placed beyond the reach of measuring and shall not cover up or place beyond the reach of measurement without the consent, in writing, of the Engineer-in-charge or his subordinate-in-charge of the work. If any work shall be covered up or placed beyond the reach of measurement such notice having been given or consent obtained, the same shall be uncovered at the contractor's expense, or in default thereof no payment or allowance shall be made for such work or the materials with which the same was executed.

Clause-17 Contractor liable for damage done and for imperfections for 3 months after certificate : If the contractor or his work people or servants shall break, deface, injure or destroy and part of a building in which they may be working, on any building, Road, Fence, enclosure or grass, land, cultivated ground or the premises on which the work or any part of it is being executed, or if any damage happens to the work, while in progress from any cause whatever or any imperfection become apparent in it within three months after the final certificate or order of its completions, shall have been given by the Engineer-in-charge as aforesaid, the contractor shall make the same good at his own expenses and in default, the Engineer-in-charge may cause the same to be made good by other workmen and deduct the expense (of which the certificate of the Engineer-in-charge shall be final) from any sums that may be then, or at any time thereafter, may become due to the contractor or from his security deposit.

Clause-18 Contractor to supply plant ladders, scaffoldings etc : The contractor shall supply at his own cost all material except such special material, in accordance with the contract be supplied from the Engineer-in-charge's stores, plants, tools appliance, ladders, cordage, scaffolding and temporary works required for proper execution of the work, whether original, altered or substituted and whether included in the specifications or other documents forming part of the contract referred to in these conditions or not, or which may be necessary for the purpose of satisfying or complying with the requirements of the Engineer-in-charge, as to any matter as to which, under these conditions he is entitled to be satisfied or which he is entitled to require together with carriage thereof to and from the work. The contractor shall also supply without charge the requisite number of persons with the means and materials, necessary for the purpose of setting out works and counting, weighing and assisting in the measurement of examination at any time and from time to time of the work or material. Failing to do so, the same may be provided by the Engineer-in-charge at the expenses of the contractor, as the expense may be deducted from any money due to the contractor under the contract or from any other contract of the agency or from his security deposit or the proceeds of sale thereof or a sufficient portions thereof. The contractor shall also provide all necessary fencing & lights required to protect the public from accident and shall be bound to bear the expenses of defence of every suit, actions or other proceedings at law that may be brought by any person for injury sustained owing to neglect of the above precautions and to pay any damages and cost which may be awarded in any such suit, action or proceedings to any such person or which may with the consent of the contractor be paid to compromise any claim by any such person.

Clause-19 No female labour shall be employed with the limits of Cantonment.

Clause-19A No labour below the age of 12 years shall be employed on the work.

Clause-19B The contractor shall pay his laborer not less than the wages determined under minimum wages act for the District.

Clause-20 Work on Sunday : No work shall be done on Sunday without the sanction, in writing, of Engineer-in-charge.

Clause-20A Contractor liable for payment of compensation to injured workman or in case of death to his relations : In every case in which by virtue of the provision of section 12, sub section (1) of the workmen's compensation Act, 1923. Haryana Urban Development Authority is obliged to pay compensation to workman employed by the contractor, in execution for the works. Haryana Urban Development Authority will recover from the contractor the amount of the compensation so paid and without prejudice to the right of Haryana Urban Development Authority under section 12, sub section (2) of the said acts, Haryana Urban Development Authority shall be at liberty to recover such amount or any part thereof by deducting it from the security or from any sum due to the contractor, whether under this contract or otherwise.

Haryana Urban Development Authority shall not be bound to contest any claim made against it under section 12 sub-section (1) of the said act except on the written request of the contractor and upon his giving request to Haryana Urban Development Authority full security for all costs for which Haryana Urban Development Authority might become liable in consequence of contesting such claim.

Clause-21 Work not be sublet. Contract may be rescinded and security deposit forfeited : The contract shall not be assigned or sublet without the written approval of the Engineer-in-charge. And if the contractor shall reassign or sublet his contract or attempt to do so or become insolvent or commence any insolvency proceedings or make any composition with his creditors or attempts to do so or if any bribe, gratuity, gift, loan, reward or otherwise, shall either directly or indirectly be given, promise or offered by the contractor or any of his servants or agents of any public officer or person in the employment of Haryana Urban Development Authority, in any way relating to his office or employment or if any such officer or person shall become in any way directly or the indirectly interested in the contract, the Engineer-in-charge may thereupon by notice, in writing, rescind the contract and security deposit of the contractor shall stand forfeited and be absolutely at the disposal of Haryana Urban Development Authority. The same consequence shall ensure as if the contract had been rescinded under clause 3 thereof and in addition the contractor shall not be entitled to recover or be paid for any work thereof actually performed under the contract.

Clause-22 Sum payable by way of compensation to be considered as reasonable compensation without reference to actual loss : All sums payable by way of compensation under any of these condition shall be considered as reasonable compensation without reference to the actual loss or damage sustained and whether or not any damage shall have been sustained.

- Clause-22A Deduction of amounts due to Government on any account whatsoever to be recoverable form sums payable to a contractor :** Any excess payment made to the contractor inadvertently or otherwise under this contract or on any account whatsoever and any other sum found to be due to Haryana Urban Development Authority by the contractors in respect of this contract or any other contract or work order for any sum whatsoever shall be recoverable from the contractor from the payment due to him either in respect of this contract or any other work order or contract or any other account by any other department of the Haryana Government / Haryana Urban Development Authority.
- Clause-23 Changes in constitution of firm :** In the case of a tender by partners, any change in the constitution of firm shall be forthwith notified by the contractor to the Engineer-in-charge for his information.
- Clause-24 Work to be under directions of Superintending Engineer :** All works to be executed, under the contract shall be executed under the directions of and subject to eh approval of the Superintending Engineer, Haryana Urban Development Authority Hisar for the time being who shall be entitled to direct at what point or points and in what manner they are to be commenced or from time to time carried on.
- Clause-25 Claims for payment of any extra ordinary nature to be referred to HUDA for decision :** No claims for payment of an extraordinary nature, such as claims for a bonus for extra labour employed in completing the work before the expiry of the contractual period at the request of the Engineer-In-Charge or claims for compensating where work has been temporarily brought to a standstill with no fault of the contractor, shall be allowed unless and to the extent that the same shall have been sanctioned by the Haryana Urban Development Authority.
- Clause-25A (i)** If any dispute or difference of any kind whatsoever shall arise between the HUDA/or authorized representative of HUDA and the contractor in connection with or arising out of the contract, or the execution of th work that is (i) whether before its commencement or during he progress of the work or after its completion, (ii) and whether before or after the termination, abandonment or breach of the contract, it shall, in the first instance, be referred to, for being settled by the Executive Engineer-in-Charge of the work at the time and Engineer-in-Charge shall with in a period of sixty days after being requested, in writing, made by the contractor to do so, convey his decision to the contractor, and subject to arbitration as hereinafter provided, such decision in respect of every matter so referred, shall be final and binding upon the contractor. In case the work is already in progress, the contractor will proceed with the execution of the work on receipt of the decision by the Executive Engineer-in-charge as aforesaid, with all due diligence wither HUDA/or authorized representative of HUDA or contractor requires arbitration as hereinafter provided for, or not. If the Executive Engineer, in-charge of the work has conveyed his decision to the contractor and no claim to arbitration has been filed with him by the contractor within a period of sixty days from the receipt of letter communicating the decision, the said decision within a period of sixty days, after being requested, as aforesaid, the contractor may, within further sixty days of the expiry of firt sixty days, after being requested, from the date of which request has been made to the Executive Engineer In-charge request the Engineer-in-Chief/Chief Engineer, HUDA that the matters in dispute be relevant to arbitration, as hereinafter provided.
- (ii)** All dispute or difference in respect of which the decision is not final and conclusive shall at the request, in writing, of either party, made in a communication sent through Registered A.D. Post, be referred to the sole arbitration of any serving Superintending Engineer of HUDA, to be nominated by designation by the Engineer-in-Chief/Chief Engineer, HUDA at the relevant time. There will be no objection to any such appointment that the arbitrator so appointed is a Govt. servant/in service of HUDA or that he had to deal with the matters to which the contract relates in the course of his duties as a Govt. servant/in service of HUDA he has expressed his views on all or any of hte matter in dispute. The Arbitrator to whom the matters is originally referred being transferred or vacating his office, his successor-in-office, as such shall be entitled to proceed with the reference form the stage at which it was left by this predecessor.

Or

In case the arbitrator nominated by the Engineer-in-Chief / Chief Engineer, HUDA is unable or unwilling to act as arbitrator such for any reason, whatsoever the Engineer-in-Chief / Chief Engineer, HUDA shall be competent to appoint and nominate any other Superintending Engineer of HUDA as arbitrator in his place and the arbitrator so appointed shall be entitled to proceed with the reference.

(iii) It is also a term of this arbitration agreement that no person other than a person appointed by the Engineer-in-Chief / Chief Engineer, HUDA shall act as arbitrator and if for any reason that is not possible the matter shall not be referred to arbitration at all. In all cases where the aggregate amount awarded exceeds Rs. 25000/- the arbitrator must invariably give reasons for his award in respect of each claim and counter/claims separately.

(iv) The arbitrator shall award separately giving his award against each claim and dispute raised by either party including any counterclaim individually and that any lump-sum award shall not be legally enforceable.

(v) The following matters shall not lie within the preview of arbitration : -

a) Any dispute relating to the levy of compensation as liquidated damages, which has already been referred to the Superintending Engineer and is being heard or/and has been finally decided by the Superintending Engineer, In-Charge of the work.

b) Any dispute in respect of substituted, altered, additional work/omitted work/defective work referred by the contractor for the decision of Superintending Engineer In-Charge of the work if it is being heard or has already been decided by the said Superintending Engineer.

c) Any dispute regarding the scope of the work or its execution or suspension or abandonment that has been referred by the contractor for the decision of the HUDA and has been so decided finally by the HUDA.

(vi) The independent claims of the party other than the one getting the arbitrator appointed, as also counter-claims of any party will be entertained by the arbitrator notwithstanding that the arbitrator had been appointed at the instance of the other party.

(vi) It is also a term of this arbitrator agreement that where the party invoking arbitrator is the contractor, no reference for arbitrator shall be maintainable unless the contractor, furnishes to the satisfaction of the Executive Engineer In Charge of the work, a security deposit of a sum determined according to details given below and the sum so deposited shall, on the termination of the arbitration proceedings, be adjusted against the cost, if any, awarded by the arbitrator against the claimant party and the balance remaining after such adjustment or whole sum in the absence of any such cost being awarded will be refunded to him within one month from the date of the award.

<u>Amount of claims</u>	<u>Rate of Security deposit</u>
i) claimed.	For claims below Rs. 10,000/- 2% of amount
ii) amount claimed.	For claims of Rs. 10,000/- and 5% of above & below Rs. 1,00,000/-
iii) claimed.	For claims of Rs. 1,00,000/- 7½% of amount and above.

The Stamp-fee due on the award shall be payable by the party as desired by the arbitrator and in the event of such party's default the Stamp-fee shall be recoverable form any other sum due to such party under this or any other contract.

(viii) The venue of arbitration shall be such place as may be fixed by the arbitrator at his sole discretion. The work under the contract shall continue during the arbitration proceedings.

(ix) Neither party shall be entitled to bring a claim for arbitration if the appointment such arbitrator has not been applied within 6 months : -

- a) Of the date of completion of the work as certified by Executive Engineer-In-Charge, or
- b) Of the date of abandonment of the work, or
- c) Of its non-commencement within 6 months from the date of allotment or written orders to commence the work as applicable, or
- d) Of the completion of the work through any alternative agency or means after withdrawal of the work from the contractor in whole or in part and/or its recession, or
- e) Of receiving an intimation from the Executive Engineer-in-Charge of the work that final payment due to or recovery from the contractor had been determined which he may acknowledge and/or receive.

Whichever of (a) to (e) above is the latest.

If the matter is not referred to arbitration within the period prescribed above, all the rights and claims of any party under the contract shall be deemed to have been forfeited and absolutely barred by time even for civil litigation notwithstanding.

(x) It is also a term of this arbitration agreement that no question relating to this contract shall be brought before any Civil Courts without first involving and completing the arbitration proceedings as above. If the scope of the arbitration specified herein covers issues that can be brought before the arbitrator i.e. any matter that can be referred to arbitration shall not be brought before a Civil Court. The tendency of arbitration proceedings shall not disentitle the Engineer-in-Charge, HUDA to terminate the contract and make alternative arrangements for the completion of the work.

(xi) The arbitrator shall be demanded to have entered on the reference on the day he issues notices to the parties fixing the first date of hearing. The arbitrator may, from time to time, with the consent of the parties enlarge the initial time for making and publishing the award.

(xii) It is also a term of this arbitration agreement that subject to the stipulation herein mentioned, the arbitration proceedings shall be conducted in accordance with the provisions of the Arbitration Act, 1940 or any other law in force for the time being.

Clause-26 No alteration in contract rates shall be admissible in consequence of fluctuation in railway freight when such railway freight is on account of material which is required by a contractor in the manufacturing of an article to be supplied under this contract e.g. fluctuation in railway freight on coal required for burning bricks will not be taken in to consideration, or for an article which forms part of a finished work for purpose of this clause. Similarly no alteration in rates will be allowed when a manufactured article is transported by rail from place 'A' to place 'B' to form part of finished work.

Clause 27 **Lump sum estimate** : When the estimate on which a tender is made include lump-sum provision in respect of parts of the work, the contractor shall be entitled to payment in respect of the items of work involved or the part of the work in question at the same rates as are payable under this contract for such items or the part of the work in question is not in the opinion of the Engineer-In-Charge, measurable, the Engineer-In-Charge may at his discretion, pay the lump sum amount entered in the estimate and the certificate, in writing, of the Engineer-in-charge shall be final and conclusive against the contractor with regard to any sum payable to him under the provisions of this clause.

Clause-28 **Action where no specification** : In case of any class of work for which there is no specifications as is mentioned in Rule 1, such work shall be carried out in accordance with the district specifications and in the event of there being no district specification, then in such case, the work shall be carried out in all respect in accordance with the instructions and requirement of the Engineer-in-charge.

Clause-29 **Definition on work** : The expression "Work or Works" where used in these conditions shall unless specified either in subject or context repugnant to such construct or be constructed &

taken to mean the works by virtue to the contract, contracted to be executed whether temporary or permanent and whether original, altered, substituted or additional.

- Clause-30** The percentage referred to as page-7 of the tender will be calculated on the gross amount (value of finished work including cost of materials whether purchased from the Haryana Urban Development Authority or direct) of (1) the item of work to which the rates in the tender apply and also see the item of work which rates exist in the Haryana PWD Schedule of Rates 1988.
- Clause-31** Unless otherwise specified in the contract, the term "Engineer-in-charge" referred to in the tender and contract for the work means Executive Engineer, HUDA, Division No-1, Hisar.
- Clause-32** The contractor shall be responsible for making his own arrangements for securing licenses for the materials and their transportation required for the work and Engineer-in-charge shall not be held responsible in any way for making such arrangements.
- Clause-33** The contractor undertakes that he is not related to any of the officers employed by the Haryana Urban Development Authority.
- Clause-34** Not pit shall be dug by the contractor near the site of the work for taking out earth for use on the work. In case of default, the pit so dug will be filled in by the department at the cost of the contractor plus 14% departmental charges.
- Clause-35** When however the final bill is likely to be for a plus amount 75% of the security deposit will be released after three months of taking the final measurement and balance 25% kept as a safeguard against any recovery becoming due as a result of the check of the final bill and will be refunded after the final bill is passed.
- Clause-36** All royalty and compensation for building stone, bajri and stone metal or any other material should be included in the rates to be quoted and is payable by the contractor.
- Clause-37** The rates given are for the finished work inclusive of octroi charges, sales tax, all duties and all other taxes as applicable including labour welfare ceiss.
- Clause-38** It will be the responsibility of the contractor to ensure that trees at the site of work and in the vicinity or their fruit etc. are not damaged by his labour or agent. Cost of damage done, if any, will be assessed at the discretion of the Engineer-in-charge and deducted from the bill of the contractor.
- Clause-39** The contractor shall provide at his own cost separate latrine, bathing enclosures and platform for use of the men and women labour and keep them clean to the satisfaction of the Engineer-in-Charge. He should also arrange at his own expense for clean drinking water, housing, medical facilities necessary for the welfare of the labour employed at his work. In case of his failure the same shall be provide by the HUDA at contractor's cost. Any dispute regarding this will be settled by the Engineer-in-charge whose decision will be final and binding. Contractor will also follow the fair wage clause attached.
- Clause-40** Any material left on the site of work after one month from the date of completion of the work shall become the property of the HUDA and no payment shall be made for it.
- Clause-41** The amount of the work can be increased or decreased according to the requirement of the department and no claim whatsoever on this account will be entertained.
- Clause-42** HUDA reserve the option to take away any items of the work or part thereof at any time during the currency of the contract and re-allot it to another agency with due notice to the contractor without liability or compensation.
- Clause-43** No claim on account of fluctuation in prices due to war or any other cause will be entertained.
- Clause-44** The contractor shall be liable to make good all damages caused by breakage from the moment the stores are handed over to his charge.
- Clause-45** No compensation whatsoever will be payable on account of any delay or default in the supply of material mentioned in the "list of material to be issued to the contractor" by the department and consequent delay in the execution of work.

- Clause-46** The contractor will inform the C.M.O. about the employment of laborer on the work for carrying out Malaria Surveillance.
- Clause-47** The terms and conditions of the agreement have been explained to me/us and I/we clearly understand them.
- Clause-48** All type of cautionary board, signals for safe and smooth execution of work, diversion of traffic etc. shall be provided by the contractor at his own cost and nothing extra is payable on this account.
- Clause-49** With the issue of allotment letter in the name of lowest agency made by the Executive Engineer, the agreement shall stand concluded and all the clauses, terms and conditions mentioned above and in the tender form shall be applicable, even when the agreement for the work is not signed by the contractor/firm.

 - (e) All deduction made from the wages with an indication in each case of the ground for which the deduction is made.
 - (f) Wages actually paid for each wage period.
 - [2] The contractor shall also maintain a wage slip for each worker employed on the work.

- [3] The authority competent to accept the contract may grant an exemption from the maintenance of Wage Book and Slip to a contractor who in his opinion may not directly or indirectly employ more than 50 persons on the work.
7. [1] Fines and deductions which may be made from the wages of a worker shall be paid to him without any deduction of any kind except the following.
- (a) Fines.
- (b) Deductions for absence from duty i.e. from the place of places where by the term of his employment he is required to work. The amount of deduction shall be proportion to the period for which he was absent.
- (c) Deduction for damage to or loss of goods expressly entrusted to the employed person for custody or for less or more for which he is required to account where such damage or loss is directly attributable to his neglect or default.
- (d) Any other deduction which Haryana Urban Development Authority may from, time to time allow.
- [2] No fine shall be imposed on a worker and no deducting for damage shall be made from his wages until the worker has been given an opportunity or showing causes against such fines or deductions.
- [3] The total amount or fines which may be imposed in any one wage period on a worker shall not exceed an amount equal to five paise i a rupee of the wage payable to him in respect of that wage period.
- [4] No fine imposed on a worker shall be recovered from him installment or after expiry of 60 days from the date on which it was imposed.
8. **Register of fines act-8 [1]** : The contractor shall maintain a register of fines and of all deductions for damage or loss. Such register shall mention the reason for which fine was imposed or deductions for damage or loss, which was made.
- [2]** The contractor shall maintain a list in English and local Indian Language clearly defining acts and omissions for which penalty or fine can be imposed. He shall display such list and maintain it in a clear and legible condition at conspicuous place on the work.
9. **Preservation of Books** - The wage book, the slip and the register of fine deductions required to be maintained under the regulation shall be preserved for 12 months after the date of last entry made in them.
10. **Powers of Labour Welfare Officer to make investigation or Enquiry** - The Labour Welfare Officer or any other person authorized by the Haryana Urban Development Authority on their behalf shall have power to make enquiry with a view to ascertaining and enforcing due and proper observances of the wage clause & the provisions of these regulations. He shall investigate into any complaint regarding the default made by contractor - sub contractor in regard to such provision.
11. **Report of labour welfare officer.** The Labour Welfare Officer or any other person authorized as aforesaid shall submit a report of the result of his investigation or enquiry to the executive Engineer concerned indicating the extent if any to which the default has been committed and the amount of fine recoverable in respect of the acts of omission of the laborers with a note that necessary deducting from the contractors bill be made and wages of the other dues be paid to the laborers concerned.
12. **Appeal against the decision of Labour Welfare Officer** - Any person aggrieved by the decision and recommendation of the labour welfare officer or other person so authorized may appeal, against such decision to the Labour commissioner but subject to such appeal, to decision of the officer shall be final and binding upon the contractor.
13. No party shall be allowed to be represented by a lawyer during any investigation or enquiry appeal or any other proceedings under these regulations.

14. **Inspection of Register** - The contractor shall allow inspection of the wages book and wages slip to any of his workers or to his agent at a convenient time and place after due notice received or the labour welfare officer or any other person authorized by the Haryana Urban Development Authority on his behalf.
15. **Submission of return** - The contractor shall maintain and submit periodical return as may be specified from time to time.
16. **Amendment** - The Haryana Urban Development Authority from time to time add or amend these regulations and or any question as to the application, interpretation or effect of these regulation the decision of the Labour Commissioner to Haryana Government or any other person authorized by the Haryana Urban Development Authority in that behalf shall be final.
17. The contractor shall be responsible to provide to the entire satisfaction of the Engineer-in-charge at his own expenses the following amenities for the labour employed by him.
 - a) Suitable temporary hutting accommodation.
 - b) Trench Latrine, bathing enclosure, platforms, separately for men and women with regular clear Drinking Water.

In the event of his failure to provide any or all the amenities, the same shall be provided by the Haryana Urban Development Authority and cost thereof shall be recovered from the contractor. Any dispute regarding above point shall be settled by the Engineer-in-charge and his decision shall be final.

FAIR WAGES CLAUSES

- (a) The contractor shall pay not less than fair wage to labour engaged by him on the work.

Explanation :

Fair wage means was whether for time or piece work notified at the time of inviting tenders of the work and where such wages have not been so notified, the wage prescribed by the Public Works Deptt., Building and road branch, Haryana for the district, in which the work is done.

- (b) The contractor shall, notwithstanding the provisions of any agreement to the contrary, caused to be paid fair wages to labours, indirectly engaged on the work including any labour engaged by his sub contractors in connection with the said work, as if the labourers had been directly employed by him.
- (c) In respect of labour directly employed on the works for the performance of the contractor's part of this agreement the contract shall comply with or cause to be complied with the Public Works Deptt. Contractors' Labours Regulations made by Government from time to time in regard to payment of wages period, deductions from wages, recovery of wages not paid and deductions unauthorized made, maintenance of wage register, wage slip, publication of wages and other terms of employment inspection and submission of periodical returns and all other matters of such like nature.
- (d) The Executive Engineer or Sub Divisional Engineer concerned shall have the right to deduct, from the money due to the contractor, any sum required or estimated to be required for making good the loss suffered by a worker or workers by reason of non-fulfillment of the conditions of the contract for benefit of the workers, non-payment of wages or deductions made from his or their wages which are not justified by the terms of the contract or for non-observance of the regulation is referred to in clause (c) above).
- (e) Vis-à-vis the Haryana Urban Development Authority, the contractor, shall be primarily liable for all payments to be made under and for the observance of the regulations aforesaid, without prejudice to his right to claim indemnity from his sub contractors.
- (f) The regulations aforesaid shall be deemed to be a part of this contract and any breach thereof shall be deemed to be a breach of this contract.
- (g) Attendance card should invariably be issued by the contractors to their workers, which should be returned to the contractors concerned at the time of receiving payment of their wages.
- (h) Before making payment to the contractors, the authorities concerned should obtain a certificate from the contractor that he has made payment to all workers connected with the execution of the work, for which the payment is being made.
- (i) The normal working hours of workers employed by contractors for the execution of work allotted to them should be 8 hours per day with a break of 2 hours during summer, one hour during winter after continuous work of 4 hours at the most. The spread over should in no case exceed 10 hours, workers working beyond these hours, should be paid over time wages, at the double the ordinary rate of their wages, calculated by the hour.

LIST OF MATERIAL TO BE ISSUED BY THE ENGINEER-IN-CHARGE OF THE WORKS TO THE CONTRACTOR

NOTES:

1. All the materials, will be issued at the place of issue given and all the cost of carriage from the place of issue to the site of work will be borne by the Contractor and this is included in the rate for the work carried out by the contractor.
2. In case my quantity of cement, steel, coal or any other controlled or uncontrolled commodity for use directly on the aforesaid work of manufacturers or materials required in connection therewith, which is not utilized for the purpose for which it is issued or otherwise disposed off by him or spoiled or lost or allowed to get destroyed or used in excess of the qualities actually required to be used as per specification therein stipulated or these from fixed by the Engineer-in-charge, the cost of such quantities of the materials shall without prejudice to other rights and remedies available to the Haryana Urban Development Authority be recoverable from the contractor on double the stock rate at which it is agreed to be supplied to the contractor or double the stock rate for the quantities issued free of cost.
3. **EXCESS/SHORT CONSUMPTION OF MATERIAL RECOVERY FROM CONTRACTOR**
 - a) **For excessive consumption of Material upto 5% (five percent).**

Recovery will be made from the contractor at issue rate plus 3% storage charges.
 - b) **Excessive consumption of material more than 5% (five percent)**

Recovery will be made from the contractor for the excessive consumption of materials of panel rate provided in the contract plus three percent storage charges.
 - c) **For short consumption of material upto 5% (five percent)**

The recovery of cost of material less consumed would be made form the contractor at issue rates.
 - d) **In case of less consumption by more than 5% (five percent)**

The rates of concerned items will be reduced where less materials might have been consumed and the same would be reduced proportionate to the materials used shorter that prescribed. However where it is not possible to determine the exact item on which less materials has been used, the cost of materials would be recovered from the contractor at issue rate and in addition the contractor will be open for disciplinary action by the Divisional Officer. In case where the items of work become non-schedule and non-agree mental due to less consumption of materials, the Executive Engineer may sanction such non-schedule and non agreement rate upto the power of his technical sanction of original work where amounts larger than those mentioned above are involved, the rates will be got approved from the competent authorities concerned who can approve such rates upto their powers to sanction estimates technically. It should also be left to the Executive Engineer to determine whether the structure is affected adversely by less consumption of material and in cases where he feels that it is likely to be so, it is for him to rejected the work and decision in such matters of Executive Engineer shall be final.
4. 3% storage charges will be levied on all materials issued to the contractor from stock, the cost of which is recoverable.
5. The octroi, terminal tax, royalty and other taxes and charges on the materials issued shall be bone by the contractor.
6. The recovery of material issued by HUDA store shall be made in the usual manner from the running bills for the upto date quantity of such materials issued to the contractor not withstanding that lesser quantity of material might have been consumed on the work & the balance quantity may be lying in store at the site of work.

7. Material issued at HUDA store if not used at site will be returned in HUDA store immediately. In case the material is not returned or lesser material is returned recovery at panel rate will be made at the rates given in the contract plus storage charges.
8. The other material mentioned in the list will be supplied to the extent of the separate security deposit of suitable amount as per direction of Engineer-in-charge.

Schedule showing (approximately) materials issued form Haryana Urban Development Authority, stores for works contract to be executed and the rates at which are to be charged for

Sr. No.	Description	Rate to be charged from the contractor for supply	Place of issue
1	Portland cement in bags to weight 50 Kgm. inclusive of weight of bag.	at the rate of Rs. bag inclusive value of empty bag.	At HUDA stores
2.	Salt glazed stone ware pipes (1) _____ mm i/d (2) _____ mm i/d (3) _____ mm i/d	@ Rs. _____ per pipe of 60 Cm. @ Rs. _____ per pipe of 60 Cm. @ Rs. _____ per pipe of 60 Cm.	DELETED
3.	(a) R.C.C. pipe i) _____ mm i/d ii) _____ mm i/d iii) _____ mm i/d per meter	@ Rs. _____ per meter @ Rs. _____ per meter @ Rs. _____	
	b) Collars i) (a) _____ mm ii) (a) _____ mm iii) (a) _____ mm	@ Rs. _____ per collar @ Rs. _____ per collar @ Rs. _____ per collar	
4.	Pig lead for C.I. water pipes	Free of cost (for labour rates item)	
5.	C.I. pipes & specials (i) (a) _____ mm i/d (b) _____ mm i/d (c) _____ mm i/d (d) _____ mm i/d ii) Specials	@ Rs. _____ Per meter. @ Rs. _____ Per meter. @ Rs. _____ Per meter. @ Rs. _____ Per meter.	
6.	Bitumen 80/100 grade	@ Rs. _____ per metric ton.	

Note : 3% storage charges will be levied on all above materials issued to the contractor from the stock, the cost of which is recoverable.

Signature of Contractor

AFFIDAVIT

I, _____ S/o Sh. _____ resident of

PART -B
CONTRACT SCHEDULE OF RATES
ANNUAL MAINTENANCE OF ROADS

Description

Annual maintenance charges including cost of all material and labour for filling of pot holes, depressions, patch work repairs of cracks etc on road for four years after defects liability period of one years is over after completion of construction works.

Ist year Free of cost	(Mtc. Liability period) (Mtc. period of 4 year will start after completion of defect liability or extended defect liability period whichever is later.)
2 nd year Rs.....	(Rates to be quoted by the contractor).
3 rd year Rs.	(Rates to be quoted by the contractor).
4th year Rs.	(Rates to be quoted by the contractor). \
5 th year Rs.	(Rates to be quoted by the contractor).

Executive Engineer
HUDA Divn. No. I
Hisar

GENERAL CONDITIONS

1. The contract schedule of rates is an extract of the relevant item from the Haryana PWD Schedule of rates 1988 and is to be read with another schedule attached here to namely as the “SCHEDULE OF CELLING PREMIA” for this purpose of cross reference against each item, the chapter No. and item No. has been indicated.
2. The work will be carried out according to PWD book of specification 1990 latest addition/I.R.C. specification which will form a part ad parcel of this contractor schedule of rates.
3. Approximate quantities are given in the contract schedule of rates and these can vary at the time of execution of work. The payment will be made according to the actual work done by the contractor.
4. The work will be considered to be situated in the Municipal limits for all purposes.
5. The items hereafter described very briefly but the description would mean the completed description in the Haryana PWD Schedule of rates 1988.
6. All the items in the contract schedule of rates are subjected to the foot notes as given in the Haryana PWD Schedule of rates 1988 regarding those items.
7. Any item of work not provided in the contract schedule of rates but required to be executed will be paid at the Haryana PWD Schedule of rates 1988 together with ceiling premium exhibited in the NIT for various chapters where the item exists in the Haryana PWD Schedule of rates 1988 subject to premium or discount tendered by the contractor. In case of non-schedule item, this will be governed by clause 12 of the contract agreement/approved NIT/Tender Form.
8. All amendments issued in the Haryana PWD Schedule of rates 1988 up-till the date of opening of tender will be applicable on the contract schedule of rates.
9. The list of ceiling premia admissible on various items contained in the various chapters on the Haryana PWD Schedule of rates 1988 is attached with the “DNIT” and shall form the part and parcel of the contract schedule of rates. The same ceiling premia will be allowed on the various items contained in the contract schedule of rates. All those items which don not fall within the Haryana PWD Schedule of rates 1988 i.e. approved items, the ceiling premium shall be zero.
10. No claim will be entertained from the contractor in case any mistake in description rates or unit occur in any of the items taken in contract schedule of rates on account of typing, comparison or over sighting. If there will be any mistake the same shall be rectifiable at any stage as per Haryana PWD Schedule of rates 1988 with amendments of the same received from time to time.
11. The success full tenderer shall have to sign an ‘AFFIDAVIT’ to the effect that he has no relations or connections with the firm/contractor black listed by the Haryana Govt./Government of India from time to time. The form of affidavit annexed at Page No. 28
12. The steel will be arranged by the contractor at his own cost.
13. The earnest money deposited by the firm/contractor will be returned after acceptance of tenders or three months which ever is earlier.
14. The firms/contractors who deposited the earnest money for the purchase of tender documents and then does not submit his offer the earnest money in this case will be refunded only after acceptance tender or three months whichever is later.

15. The earnest money deposited by the firm/contractors will be returned through cheque after the allotment of work or three months which ever is earlier/later mentioned above at Sr. No. 13 & 14.
16. Nothing extra shall be paid on account of any damage due to rain flood or and other act of God.
17. All the pages of the tender must be signed by the contractor before submitting the tender failing which the tender shall be treated as invalid.
18. Sale Tax, Income Tax and Labour Welfare Cess as applicable will be deducted from contractor on gross amount as per Govt. instructions.
19. All charges such as royalty, Municipal taxes, octroi charges forest tax, sale tax and other kind of taxes shall be paid by the contractor and are inclusive in the rate quoted by contractor.
20. All clauses of work not otherwise described shall be executed in accordance with the principles laid down in the PWD book of specification latest edition.
21. No pits shall be dug by the contractor near the site of work for taking earth for use of work. In case the pits so dug will be filled by the contractor if he fail to do so the same will be filled by the HUDA only at the cost of contractor plus 14% department charges.

**EXECUTIVE ENGINEER,
HUDA DIVISION NO. I, HISAR**

TECHNICAL CONDITIONS

The work will be carried out as per MORT&H (Roads wing) specification for Roads and Bridge works 2001 (4th revision).

For item of B.M work, contractor shall intimate to the Engineer-in-charge in writing 20 days (twenty days) before the start of work, the job mix formula proposed to be used by him for the work and will take up the work only after approval of job mix formula.

The unit of measurement of Bituminous Macadam will be weight in metric tonne of Bituminous mix laid consolidated and finished which shall be determined as under:-

- a) Volume of the mix laid at site will be calculated by multiplying the area covered with average thickness actually laid at site. Average thickness will be based on thickness measured at suitable intervals both along length and across width of road.

The weight shall then be worked out by multiplying the volume of the mix on particular stretch of the road with the average field density of the very particular stretch and the weight thus worked out above shall be considered. The average density for the stretch shall be determined by the actual determination of field density by sand replacement method.

- b) (i) The contractor shall provide install, maintain and operate at his own cost in good working condition weigh bridge of suitable capacity at the site of the hot mix plant under the direction of Engineer-in-charge or his representative.
- (ii) Each truck before loading of the mix shall weighed on the weigh bridge and its weight shall be recorded under the signature of the authorized representative of the contractor and Engineer-in-charge.
- (iii) The work shall again be weighed on the weigh bridge after loading the mix and its weight recorded under the signature of the site representative as per prescribed performa as given at condition number 35 on page 49 weight of mix material will be determined from difference of (iii) & (ii).

- c) Lowest of weights calculated under para 3 (a) & 3 (b) above will be considered and paid for.

- d) The minimum density for bituminous macadam work shall not be less than 95% of that obtained by job mix formula and deviation of actual density in field, from density achieve by job mix formula will be as per the acceptance criteria laid done as per MORT & II specification.

However, the density of B.M shall not be less than 2.2, in any case, stretches of the work for which less density is achieved will be rejected. Minimum one density test will be carried out for 250 Sqm Area for BM work.

The Bitumen contents of bituminous macadam work will be between 3.3 to 3.5% by weight of the total mix. If the bitumen content is found less than 3.3% of the total bituminous macadam, then the work will be rejected straight way. It is further clarified that no extra payment over and above that rate quoted by the agency for this item of work will be made on account of bitumen if

required to be used beyond 3.3% as per job mix formula submitted by agency and approved by the Engineer-in-Charge.

Hot mix plant will be so located, (subject to the approval of the Engineer-in-Charge) involving such lead in transportation of the mix so as to avoid its segregation and temperature drop.

The construction of subsequent layer of same or other material over the finished layer shall be done after obtaining written permission from the Engineer-in-Charge. Similar written permission from the Engineer-in-charge shall be obtained in respect of all other item of work prior to proceeding with the next stage of construction.

***Executive Engineer,
HUDA Division No-I,
Hisar.***

GENERAL CONDITION

1. Wherever in the description of the item in the bill of the quantities the specification clause No of MORT&H is missing the same shall be carried out strictly in accordance with the MORT&H (Road wing) specification (5th revision) of 2001.
2. The contractor shall clear the site of work simultaneously as the work proceeds failing which the same shall be got cleared by the Engineer-in-charge at the risk and cost of the contractor.
3. Collection of material at site for the proper execution of work as per specification shall include all leads and lifts. The percentage rates quoted by the contractor shall hold good irrespective of the quarry/sources from which materials are brought so long it conform to the specification. Closure/change of any quarry/source shall not entitle the contractor to claim any revision in rates.
4. The contractor shall store all materials in proper manner so as to avoid contamination, deterioration and any accidents. He shall not store or keep any material tools and plants in public through fares except for such as per required for immediate use on the work. The place at site, where materials are to be stored shall be subject to the approval of the Engineer-in-charge. At the places where the materials are stored by the contractor he will take his own arrangements to clear the place within such time as may be instructed by the Engineer-in-charge or the same be got clear by the Engineer-in-charge at the risk and cost of the contractor.
5. No compensation for any damage caused to the work /materials by rain flood or other natural calamities shall be paid to the contractor. The contractor shall make good all such damages at own his cost as per directions of the Engineer-in-charge.
6. The contractor shall obtain prior approval of the Engineer-in-charge before installation of water and power system, electrical and mechanical equipment and plants and all temporary construction etc at site of work. On completion of work, the contractor shall make good the ground at his own cost as per directions of the Engineer-in-charge, failing which the same shall be made good by the Engineer-in-charge at the risk and cost of the contractor.
7. The contractor shall make his own arrangement for obtaining electrical connection, if required and make necessary payment directly to the department concerned.
8. The contractor shall not occupy by his operation more than ½ of the width of any road or street. However, in special conditions, the contractor shall obtain the consent of the Engineer-in-charge in writing before closing any road for vehicular traffic and foot path shall be kept clear at all times. The contractor shall make all the precaution to avoid any accidents and for proper guidance of the traffic by providing necessary barriers, reflective cautionary sign/ signal, speed limit board, red and green flags, electric light focus type at night, which sufficient number of chowkidars and other measures while work is in progress or blocking the road wherever otherwise necessary. The material and the machinery shall be stocked/placed at the site of work in such a way that there will be no obstruction to traffic and inconvenience to public. No claim shall be entertained on account of such fault arrangement made by the contractor. The contractor shall be fully responsible for all accidents caused by the negligence of such precaution. In case the contractor fails to comply with the afore said arrangements the same shall be made by the Engineer-in-charge at the risk and cost of the contractor.
9. If directed by the Engineer-in-charge in writing the work shall be done during night time for which noting extra shall be paid to the contractor.

10. The contractor shall make arrangement at his own cost for the least two number of modern leveling instruments (wild type) for the purpose of carrying leveling operation failing which the same shall be arranged by the Engineer-in-charge at his risk and cost.
11. No work should be done in the absence of the contractor or his authorized representatives. A technician and surveyor will be provided/ made available for all working time by the contractor for carrying out quality control tests and surveying. Nothing extra will be paid on this account.
12. Nothing will be paid for unforeseen delays on account of non-availability of any kind of material or drawing and design.
13. The contractor will be responsible for setting out the work, establishing benchmark, centre line etc will be carry out all such works at his own cost.
14. Before start of the work, the contractor shall submit the program of execution of work, get it approved from the Engineer-in-charge and strictly adhere to the same for timely completion of the project.
15. The contractor shall have to make approaches to the site, if so required and keep them in good condition for transportation of labour and material as well as inspection of work by Engineer-in-charge. Nothing extra shall be paid on this account.
16. The contractor shall bear all incidental charges for cartage storage and safe custody of materials issued to him by the department if any or his own material.
17. The rate quoted by the agency/ contractor shall include the entire cost of royalty. Municipal Tax, forest or an other tax whether local or state or central or any other taxes, direct or indirect including all loading, unloading, carriage on kacha/pacca bed or road and stacking including all labour supply of material at the designation and nothing extra shall be paid. The contractor shall quote his accordingly.
18. The contractor will arrange and use its own all type of machinery and T&P incidental to all operation for the work. The rate to be quoted should be inclusive of the same.
19. The stacking will be done at hot mix plant site for various of material in the sequence as approved by the Engineer-in-charge, which will have to be maintained.
20. The contractor shall remove all bitumen spots on kerbs and channels and all heaps of wasted mix from gully grating bell mouth and other installation at the end of the day work, failing which the same shall be done at his risk and cost.
21. In case of important roads where the intensity of traffic is high, the contractor shall, if instructed by the Engineer-in-Change restrict the work to non peak period as determined by the Engineer-in-charge. No claim/compensation on account of the same shall be entertained.
22. Collection of material should be so planned that it is commensurate with physical progress.
23. The quality control for road work and materials will be exercised as per section 900 of MORT&H specification (5th revision) 2001 and for determining the quality of bitumen used by extraction method as per procedure laid for doing such tests by IRC the frequency of sampling will be:-
 - a) MSS/Pre Mix carpet:- One test per 50 meter cube and not less than two tests per day.
 - b) BM:- One test per 100 meter cube and not less than two tests per day.

24. At the time of starts of work, the contractor shall get a sample work done in presence of Engineer-in-charge who shall fix up the degree of compaction consolidation required for a particular item of work and conduct suitable tests at regular intervals to determine how far the work done approaches the desired limit. In case tests reveal any deficiency the contractor shall make good the same without extra payment or work will be rejected if not according to required specification.
25. The contractor shall progress on different parts simultaneously to ensure completion of the road so that minimum breakage and repairs are involved.
26. To arrive at the desired grading of materials for BM, the exact quantities of material of different gauges shall be determined and stacked on the basis of laboratory tests from time to time. The extra payment on this account would not be admissible.
27. To ensure quality of intermediate fraction, tests check may be carried out on sample taken from materials. In case that is not found according to specification the work may be rejected. However, the Engineer-in-charge if considered if expedient and in the interest of work, he may ask the contractor of supply the missing fraction up to quantity as determined by him separately free of cost.
28. Before tendering the tender shall inspect the site of work and shall fully acquaint/satisfy himself about the condition with regard to site, nature of soil, availability of material, suitable location for construction of godowns stores and labour huts, the extent of lead and lifts is involved in the work (over the entire duration of contract) including local conditions, traffic restriction, obstructions and other conditions as required for a satisfactory execution of work. His rate should take in to consideration all such factors and contingencies. No claim what so ever shall be entertained by the department on this account.
29. Whether and seasonal limitation:- The work of laying shall not be taken up during rainy or foggy weather or when base course is damp or set or during dust storm or when atmosphere temperature is 10° C or less at site of work of particular reach.
30. The rate quote should include hire charges of land or purchase of land for installation of Hot Mix plant etc.
31. Only actual quantities of work completed and accepted by the Engineer-in-charge shall be paid for if any damage in done by the contractor to any existing work during the course of execution of the work this shall have to be made good by him at his own cost.
32. Samples will be got tested from CRRI or any other approved test house, Sample will be given by the agency free of cost and testing charges will be borne by the agency.
33. Before start of the work contractor will get his machinery inspected and approved from the Engineer-in-charge of work.
34. Bitumen:- The bitumen shall be arranged by the contractor himself.
 - a) Bitumen for bituminous macadam shall be paving bitumen of penetration Grade-S-65 or A-65 (60/70) as per IS specification of "Paving bitumen" IS-73. For BUSG Pre-mix and tack coat bitumen with penetration grade 80/100 as per IS : 73 will be used.
 - b) Bitumen will be arranged by the contractual agency , who will have to produce original vouches for all quantities in lieu of purchase of bitumen from the original, manufacturer or other authorized dealers/ distributors to the satisfaction of the Engineer-in-charge for ascertaining the genuineness of material. Attested copy of voucher will have to be

submitted alongwith bills. Executive Engineer (in charge of work) will himself attested the copy of the bill / voucher and will also put a stamp on the original bill indicating that this bill has been considered by HUDA for work of
the authenticity of bill/vouchers shall be the entire responsibility of contractual agency.

- c) Test report from the refinery regarding the lot of bitumen supplied to the contractual agency will be submitted by the agency. The bitumen will also be got tested from reputed lab. Samples of bitumen will be given free of cost by the contractor and all the testing charge will be borne by him.
- d) Unloading of bitumen at plant site will be gone in the presence of representative of Engineer-in-charge. The day to day receipt and issue account of bitumen shall be maintained by the agency at his authorized plant site.

35. The following record of mix will be maintained at plant & site:-

At plant & weight bridge:-

- 1) Tipper No.
- 2) Time of Departure
- 3) Type of material
- 4) a) Weight of empty tipper.
b) Weight of loaded tipper.
c) Weight of material/ Mix
d) Temperature at time of departure.
e) Remarks.

At site:-

- a) Tipper No.
- b) Time of arrival
- c) Temperature at time of arrival
- d) Approximate area of the road covered on Road No.....

36. At least one authorized representative of the contractor should always be available at site of work to take instructions from department officers and ensure proper execution of work is done in the absence of the contractor. Separate site order book will be maintained at plant and at site of work. Any instruction given in site order book will have the same bearing as if, it is given to contractor in person.

37. The contractor shall be required to produce samples of all materials sufficiently in advance to obtain approval of the Engineer-in-charge. Subsequently the material to be used in the actual execution of work shall strictly confirm to be quality of the samples approved in case of variation such material such be liable to be rejected.

38. The agency shall provide suitable measuring arrangement at the site for checking of various material supplied by him.

***Executive Engineer,
HUDA Division No-I,
Hisar.***

QUALITY CONTROL

1.
 - a) Identity defect:- The Engineer-in-charge shall check the contractor's work and notify the contractor any defects that are found. Such checking shall not relieve the contractor/contractors responsibility. The Engineer-in-charge may instruct the contractor to search for defect and to uncover and test any work that the Engineer-in-charge or his authorized representative considers may have a defect.
 - b) Correction of defects:- The Engineer-in-charge shall given notice to the contractor of any defects before the end of defects liability period /maintenance which begins at completion as per definition. The defect liability period/maintenance shall be extended as long as defects remain to be correct. Every time notice of a defect is given, the contractor shall correct the notified defect within the limit of time specified by the Engineer-in-charge's notice. If the contractor has not corrected a defect within the time specified in Engineer-in-charge notice the Engineer-in-charge will assess the cost of having the defect corrected and the contractor will pay the amount.
 - c) The contractor shall have to provide a field laboratory fully equipped at work site and at hot mix plant for conducting all the relevant tests mentioned in the MORT&H specification subject to the approval of the Engineer-in-charge or his representative. The record of such tests is to be maintained in proper register duly signed by the contractor on his representative, which will become the property of Deptt. the contractor will bear all the running expenses for conducting such tests. All the tests will be carried in the presence of the Engineer-in-charge or his authorized representative. All the entire are to be signed by the contractor and such authorized representative of Engineer-in-charge.
2. The quality control tests will be got done by departmental and the material for such tests will be supplied by the contractor free of cost. In case the material is not found up the requirement the same will be rejected, cost of such tests will be borne by contractor.
3. Various quality control operations will be maintained as per clause No. 901, 902, 903 of MORT&H (Road wing) specification (4th revision) of 2001/ latest edition.
4. Contractor shall provide suitable measuring arrangement and leveling instruments of latest quality approved by Engineer-in-charge at the site of work.
5. No extra payment on account of quality control measures shall be paid to the contractor.
6. The Engineer-in-charge at his discretion can get any type and nos of tests carried out from any other approved laboratory for his satisfaction for which all the expenses incurred would be borne by the agency. The result so obtained from the laboratory would be acceptable/ binding to the agency.
7. Work will also be open to third party inspection also.

*Executive Engineer,
HUDA Division No0-I,
Hisar.*

MAINTENANCE OF ROAD

- a) The contractor will be maintain the road for period of one year from date of completion of road. Maintenance will include repair of any potholes or depression which will be done by contractor at his own cost. The contractor will be bound to repair road cuts also for which he will be paid for and the contractor will be repair the road cut if any during mtc. period. The contractor will be paid @ Rs. 425/- per sqm and bitumen will be issued free of cost to contractor. The contractor will be bound to repair the road cut within 2 days from its occurrence. The road cut will be repaired by filling Jamuna sand in trenches, with three layers metal having compacted 9” thickness and 75mm thick BUSG 25mm thick premix carpet with seal coat type-B proper compaction with suitable capacity of roller to entire satisfaction of the Engineer-in-charge. The bitumen issued for restoration of road cuts shall be 6.75 kg/sqm.
- b) If the contractor/agency fails to repair the road cut within two days of its occurrence then penalty amounting to Rs. 500/- per cut per day will be levied on the contractor.
- c) If the contractor fails to remain the roads & road berms within two days of its occurrence then penalty amounting to Rs. 2000/- per day will be levied on the contractor.
- d) The contractor/agency will have to arrange the related material and required machinery for the repair of pot holes and depression during the mtc. period at his own cost. Nothing extra will be paid on this account.
- e) Security amount deducted under Clause-I of agreement will be 5% of gross amount of work. The Security amount will be refunded after successful completion of the mtc. period of one year TROL.

*Executive Engineer,
HUDA Division No0-I,
Hisar.*
